SARATOGA SPRINGS, *Oct 4*

H. C. Crane Esqr

[?] N. Y.

Dear Sir

The bills for outfit and tools, time of men, teams, etc on work being done by Mr McGee and Mr Green are but few of these in yet; but from the best guess I can make at present, it will require from \$25,000 to \$30,000 to pay these bills. Mr Wallace's estimate, engineering pay rolls etc - to Oct 1st -

It will be necessary to make draft on you for \$20,000 to \$25,000 by the 7th or 8th to be ready to pay on the 10th - our regular pay day -

I expect all the bills [?] a few days and will be able to give you the [?].

Please let me know if it is all right to make draft on the 7th inst and oblige.
